

Blue Tango Workshops

May 8 & 9

Boston

Maximiliano Gluzman (Buenos Aires) is delighting dancers worldwide with his teaching and performances throughout Argentina, Europe and the United States. (See www.maxigluzman.com)

Maxi is one of the special young dancers carrying the torch of the milongueros from tango's Golden Age. He has spent years researching the social tango of the old masters. Maxi's dance has the musicality and the improvisational inventiveness that is characteristic of Buenos Aires' rich tradition.

Maxi generated enthusiastic high praise in Boston last year. We are excited to welcome him back for his second visit.
